

The Azima Practitioner Essential

The ultimate in lightweight strength. Just \$475.

Adjustable height.

Instantly adjust your table's height with the push of a button. The Practitioner Essential adjusts through 9 height settings from 62cm up to 82cm, supporting a wide range of treatment techniques, from rolfing to reiki.

Light. Strong. Silent.

Azima's unique, lightweight, all-aluminium Practitioner base frame is the strongest, safest and most rigid portable structure available. All moving joints are nylon sleeved for strength, long life and total silence.

Complete comfort.

Your client relaxes onto a 68cm wide bed upholstered in 60mm 3-layer foam with superior shaped face hole and a totally flat working surface. When your client is comfortable, you can relax and work easier.
